19496. Misbranding of Servex. U. S. v. 12 Sets of Servex. Default decree of condemnation, forfeiture, and destruction. (F. & D. No. 27295. I. S. No. 12653. S. No. 5456.)

Examination of samples of a drug product, known as Servex, disclosed no ingredient or combination of ingredients capable of producing the curative and therapeutic effects claimed on the carton label and in the accompanying circular.

On November 28, 1931, the United States attorney for the District of Oregon, acting upon a report by the Secretary of Agriculture, filed in the District Court for the district aforesaid a libel praying seizure and condemnation of 12 sets of the said Servex, remaining in the original unbroken packages at Portland, Oreg., alleging that the aforesaid article had been shipped by the Servex Laboratories (Ltd.), from Hollywood, Calif., on or about September 5, 1931, and had been transported from the State of California into the State of Oregon, and charging misbranding in violation of the food and drugs act as amended.

Analysis of a sample of Servex by this department showed that the article consisted essentially of oxyquinoline sulphate, quinine sulphate, and boric acid.

It was alleged in the libel that the article was misbranded in that the following statements regarding the curative or therapeutic effects of the said article were false and fraudulent, since it contained no ingredient or combination of ingredients capable of producing the effects claimed: (Carton label) "Use Servex before retiring for treatment of Leucorrhoea and other vaginal infections;" (circular) "Your Health Madam! Do you know a woman who is suffering from leucorrhoea or other pelvic disorders, or who is gambling her health by using poisons for her personal hygiene needs? Tell her about Servex. * * * Relief of Pelvic Congestion Did you know that three out of every four women suffer from various degrees of pelvic congestion. This congestion causes that feeling of weight and discomfort, drains vitality, upsets the nervous system, and prepares the way for serious disorders. Servex * * * relieves congestion and frequently removes the causes which would necessitate long and painful treatments by physicians. Leucorrhoea Perhaps you have used Servex for the treatment of leucorrhoea. If so, you know that it is particularly effective for this as for other pelvic disorders. Recommend Servex to a friend who is troubled with leucorrhoea and you will doubly bind that friendship by so doing. * * * 'We have observed the action from the use of Servex the last three years and can highly recommend it in all vaginal disorders as well as for prophylactic purposes.' * * * 'A safe, sanitary measure for combating the usual infectious conditions of the vaginal area. It is decidedly one of the most pleasant methods of applying an antiseptic in pelvic regions, as well as efficacious.' 'During the past year I have used Servex continually in the office on vaginal infections. Am gratified to say that the results have been uniformly satisfactory.'"

On May 6, 1932, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.
